

Supported Internships for young people with learning disabilities

20 hours, 5 days a week*

Mission EmployAble are delighted to be working in partnership with Buckinghamshire College Group to offer a Supported Internship programme which runs annually from September to July.

- ✓ Are you 19-25 years old with an active EHCP?
- ✓ Are you a young person with a learning disability who is keen to develop new skills in the workplace?
- ✓ Are you ready to work together to achieve paid employment?
- ✓ Are you working at entry level 2 for both Functional English and Maths?
- ✓ You need to know what work involves and be committed to staying on the

course once you begin, and then aim to gain employment when you finish.

- ✓ You need to have a supportive family who is going to work with Mission EmployAble to assist you in gaining employment and encouraging your independence.
- ✓ Mission EmployAble's training centre is Café on The Common, Rickmansworth Road, Chorleywood, Herts WD3 5SG.

If you answered yes to the above, a Supported Internship with Mission EmployAble could be the perfect opportunity for you!

Mission EmployAble is determined to help young people with learning disabilities lead fulfilled lives and we believe that supporting you to find paid employment is a crucial part of that

mission. Our vision is to give you the independence and self-confidence that will help you find paid work after your internship, so that you feel valued by your community.

Throughout your work experience at Café on The Common and other locations you will receive support from your Mission EmployAble training team with on-the-job training, functional Maths, English, independence and employability classes.

But it's not all about work! As an intern, you will be encouraged to build positive relationships with your colleagues through team-building activities and events.

'Our vision was for an attractive café which equips young adults with learning disabilities with the skills to find paid jobs, and which is loved by the community. The former Cricket Clubhouse had the perfect site, so when I learned that they were raising money for a new building, I knew we'd found the ideal partner.'
